

Bald Eagle Day – March 1, 2014

Announcing. The Green Bay Packer Foundation is joining the Ferryville Tourism Council and the Friends of Pool 9 to present Bald Eagle Day on March 1, 2014. The Green Bay Packer Foundation is a new partner for this event. It is a huge honor for us and will help make the event even better.

The program will feature the Bald Eagle of the University of Minn. Raptor Center plus Lois, the Owl, a peregrine falcon, other raptors. Chloris Lowe is back with us to provide his excellent program about the Ho Chunk Nation and the importance of the Bald Eagle and the Native American Culture. U.S. Fish and Wildlife Service-Upper Mississippi River National Wildlife and Fish Refuge is participating. Of course, the famous eagle and owl treats will be featured along with activities for children and an eagle art/project display from area schools. Hooting contest is at 12:30 p.m. The local restaurants also have food specials to enjoy.

Ferryville is BIRD CITY!

On Dec. 1, 2013, the Bird City - Wisconsin organization awarded Ferryville with the designation of "Bird City" and becomes the 76th municipality in Wis. to receive this award. Ferryville is also the smallest community in Wis. to achieve this status. The focus is bird conservation and this includes improved habitat conditions for breeding and migrating birds plus having an active and coordinated effort with education and conservation activities. Thanks to Joanne White & Martin Murphy for helping to get this accomplished.
